SUMMARY

Design Technologist with over 5 years of experience in frontend development, 2 years of Design Systems, and more than 2 years in user research and design. Creating innovative, efficient products and fostering strong collaboration between designers and developers.

SKILLS

| | |
|--------------------------|-------------------------------|
| Git | React |
| Information Architecture | Angular |
| Graphic Design | Jest |
| RESTful APIs | Jasmine |
| Mentoring | Cypress |
| Design Tokens | Figma |
| Storybook | Coloristic Thinking |
| Node | Accessibility best practices |
| HTML5 | Qualitative Research |
| CSS3 | Design Systems |
| JavaScript | Component-Driven Architecture |
| TypeScript | Rapid Prototyping and POCs |

EXPERIENCE

Design Technologist (Contract)

10/2023 - 08/2024

Cetera Financial Group

- Developed a comprehensive UI Component Library that streamlined design consistency across applications. It's a team effort, and I'm proud to have played a key role in its success.
- Enhanced the Figma Design System, working closely with the team to ensure it met high standards of design coherence. Our collaborative approach made a significant impact.
- Applied best practices in an Angular Storybook to provide well-documented components. It's rewarding to see how this has positively influenced our development workflow and component quality.
- Collaborated with UX designers and frontend developers to ensure designs were effectively implemented and aligned with user needs. It's been fulfilling to support the team in creating seamless and user-centered solutions.
- Services used: Angular, Storybook, Angular Material UI, SASS, Figma, Jira, Confluence, Miro

UI Engineer II (Contract)

01/2023 - 08/2024

Ally Financial Group

- Made performance enhancements that led to faster load times and smoother user interactions. It's been rewarding to see these improvements benefit our users and enhance overall application performance.
- Mentored junior design engineers.
- Addressed and resolved complex technical issues, contributing to a more stable and reliable application. Overcoming these challenges has been a valuable learning experience.
- Front End Services used: Ember.js, React.js, Styled-Components, LaunchDarkly, Jest, Cypress, AXE scan, Lighthouse
- Back End Services worked with: Node, Java, AWS, Swagger

Mid UI Developer (Full-time)

01/2020 - 12/2021

St. Jude Children Hospital

- Identified and resolved bugs to ensure smooth and reliable web applications. Addressing these issues has been a valuable experience and a chance to support our team's success.
- Worked alongside senior developers to implement new features and improvements. The guidance and teamwork have been instrumental in my development and understanding of web technologies.
- 2021 St. Jude Children Hospital Hackathon Team Winner.
- Front End Services used: Ember, React, JavaScript, SASS, JSP templates, AEM, and Material UI
- Back End Services worked with: Java, Ruby, AWS

User Experience Designer & UI Developer (Contract)

07/2019 - 12/2020

FedEx Services

- Created, updated, and tested components for the FedEx Design System using Adobe XD and Sketch. It's been gratifying to contribute to a design system that supports consistency and efficiency.
- Designed and led the development of an internal web app that streamlined the MVP approval process by integrating essential SharePoint documents. It's been rewarding to see how this app has improved workflow and efficiency.
- Increased MVP submission approvals by 28% within the first three months. It's been satisfying to witness the positive impact of our streamlined process on approval rates.
- Services used: Sketch, Adobe XD, UserTesting, Angular, HTML5, CSS3, JavaScript, Windows 10, Adobe Dreamweaver, WINSCP

EDUCATION

Graphic Design

Dominican University of California - Bachelor of Fine Arts - BFA

Coloristic (Psychology)

Dominican University of California - Bachelor of Science - BS

CERTIFICATES

Programming in HTML5 with JavaScript and CSS3 - Exam 70-480

04/2019 - Present

MicroSoft

Full-Stack Engineering Certification

07/2017 - Present

The Iron Yard

User Experience Design Certification

01/2017 - Present

General Assembly
