EXPERIENCE

LEVEL 4 UI DEVELOPER - ALLY FINANCIAL, CHARLOTTE, NC – 2022-2022

- Designed, developed and implemented core and web-based solutions for the Enterprise Team
- As a part of the Enterprise Innovation initiative, I built a reusable alert bill due date component to display based on a predetermined amount of days between a due date and addressed users pain points of accidentally clicking on a ad when their intentions were to click on the profile icon by implementing a skeleton loader to position the icon correctly while the ads were being retrieved and loaded on the page.

SOFTWARE ENGINEER 2 - ALSAC (ST. JUDE CHILDREN), MEMPHIS, TN - 2021-2022

- Developed and implemented web-based solutions for an all-in-one web application for St. Jude Donors and Supporters

UX/UI DESIGNER & DEVELOPER - FEDEX SERVICES, MEMPHIS, TN - 2019-2021

- Designed and developed an internal web application that integrates with Salesforce to render a PDOM documents processing flow.
- Designed the Fedex Tracking Top 4 Shipment Statuses Prototype

COMPUTER TEACHER - CODE CREW - MEMPHIS, TN - 2019 - 2021

UI DEVELOPER - PARTCYCLE, FLORENCE, AL – 2018-2019
